Hi Felix

Its not something we want to encourage. I'll have another talk to Darren about it, but at the moment we are now fully booked until next year, prob February.

On another note we have a huge problem with Niki. Its starting to look like we won't get his boat to him in time for next weekend. We are trying our best but not looking good. Are you going there with your Bladerider? We can send you a couple of rudders, got the new Holroyd one modified to be much stronger and also got one of the temp ones we can also send in case of a drama. What are your thoughts? Who is going? are they moth sailors? I'm really at a loss at to what to do...

Your boat has been started, the parts are under production. Did you get the invoices?

Cheers

Holly
