Hi Felix

Thomas should have his boat in November. I don't think I can get your boat to you in time for the German Nationals, but will get a rudder to you, not sure how much - but will do a deal for you.

Cheers

Holly

Subject: rudder and delivery dates

Hi Holly,

I just got an email from Thomas asking when you are going to deliver his boat. Can you give me a time? (I told him sometime in November before he ordered)

also can you tell me the price for the Holroyd rudder that fits my BR and confirm that you can deliver it before September 3rd so I have it for the Nationals?

If you somehow manage to ship my complete boat before September 3rd you can delay delivery of the rudder.....

I know how stressful this all is for you, I have been there myself. Believe me in 6 month it will all have been worth it.

best

Felix
